

# Find the minuend

The starting number is missing

Oops! The first number is missing. Can you find it? 

1.  $\square - 2 = 5$

11.  $\square - 9 = 3$

2.  $\square - 3 = 4$

12.  $\square - 12 = 7$

3.  $\square - 0 = 8$

13.  $\square - 8 = 9$

4.  $\square - 6 = 3$

14.  $\square - 6 = 12$

5.  $\square - 5 = 4$

15.  $\square - 11 = 2$

6.  $\square - 4 = 3$

16.  $\square - 5 = 10$

7.  $\square - 7 = 1$

17.  $\square - 6 = 11$

8.  $\square - 3 = 8$

18.  $\square - 16 = 6$

9.  $\square - 1 = 9$

19.  $\square - 18 = 1$

10.  $\square - 2 = 8$

20.  $\square - 7 = 15$
