

Find the minuend

The starting number is missing

Oops! The first number is missing. Can you find it? 

1. $\square - 2 = 5$

11. $\square - 9 = 3$

2. $\square - 3 = 4$

12. $\square - 12 = 7$

3. $\square - 0 = 8$

13. $\square - 8 = 9$

4. $\square - 6 = 3$

14. $\square - 6 = 12$

5. $\square - 5 = 4$

15. $\square - 11 = 2$

6. $\square - 4 = 3$

16. $\square - 5 = 10$

7. $\square - 7 = 1$

17. $\square - 6 = 11$

8. $\square - 3 = 8$

18. $\square - 16 = 6$

9. $\square - 1 = 9$

19. $\square - 18 = 1$

10. $\square - 2 = 8$

20. $\square - 7 = 15$
